DOG ODOR-OFF™

DOG ODOR ELIMINATOR

Background

Unpleasant animal-related odors are a common, daily occurrence, and managing them safely and effectively is an important part of keeping your work environment pleasant, your clients satisfied, and pets happy. Thornell specializes in creating products that permanently eliminate malodors - complex blends that work through counteraction, absorption, molecular bonding, inhibitors and residual actions. They are NOT masks. They are NOT enzymes. Each of Thornell's products is specially formulated for a unique purpose.

Uses

Eliminates undignified dog odors including normal body odors, urine, feces, emesis and necrotic tissue. Used on dogs, accidents, cages, bedding - anywhere there is an animal related odor problem. Not an enzyme, bacteria or mask thus may be used after shampoos, cleaners, germicides without loss of efficacy. Apply full strength from a long lasting 8 oz. spray bottle or 16 oz. carpet soaker. Spray product helps eliminate odors without bathing.

Directions for Use

CONCENTRATE

Remove cap from the small, graduated part of the bottle. Squeeze large part of bottle, with cap on, forcing Dog Odor-Off into the measurement chamber.

- Dilute ½ oz. of Dog Odor-Off Concentrate to 16 oz. of water in a spray or pour-on applicator.

Spray or pour on the source of the odor. If on carpet saturate to reach the odor source. Work in thoroughly if possible. Allow to dry. If odor persists after Dog Odor-Off has dried, the source of the odor has not been reached. Continue to reapply as necessary. May be applied directly to the animal, on cages, fabrics, carpets and any place a problem odor exists. Very effective when applied to the surface of litter boxes.

SPRAY

Spray full strength on the source of the odor. Work in thoroughly if possible. Allow to dry. If odor persists after Dog Odor-Off has dried, the source of the odor has not been reached. Continue to reapply as necessary. May be sprayed on animals, cages, fabrics, carpets and any place a problem odor exists.

SOAKER

Pull up on the applicator cap, point the bottle at the problem area and squeeze. Work in thoroughly if possible. Allow to dry. If odor persists after Dog Odor-Off has dried, the source of the odor has not been reached. Continue to reapply as necessary. May be applied directly to the animal, on cages, fabrics, carpets and any place a problem odor exists.

Product Safety

All Thornell products are safe for use on any surface or directly on the animal. As with any pet care product, consult with your veterinarian and review and follow the label directions. Contains water, proprietary essential oil blend and preservatives. Keep out of the reach of children. For external use only.

Cautions

Spot test for color fastness before applying to any fabric. Do not spray directly into animals eyes.
