

A Step-by-Step Guide How To Use Skunk-Off®

Your pet just encountered a skunk? Don't panic! Find out how to quickly and effectively remove that unpleasant odor from your pet and your home.

STEP 1

Avoid Water Before Skunk-Off

Do not apply water before using Skunk-Off.

STEP 2

Wipe Excess Spray

Gently wipe away any visible skunk spray from your pet's fur using a clean cloth or paper towels.

STEP 3

Saturate with Skunk-Off

Apply ODORCIDE® Skunk-Off generously to all areas where the skunk spray made contact. Ensure thorough coverage.

STEP 4

Target Specific Areas

Pay close attention to areas of direct impact, such as the face, chest, feet, and in-between toes.

STEP 5

Rinse Thoroughly

After saturating with Skunk-Off, rinse your pet thoroughly with water.

STEP 6

Dry Thoroughly

Dry your pet completely with towels.

STEP 7

Enjoy Your Fresh Pet

Congrats! Enjoy your once again fresh pet!
